Pallet Guide Installation Instructions

Included:

- Pallet Guide
- 2 nylon - locking nuts
- 2 Bolts
- 4 Washers

To Assemble:

1. Align the Pallet Guide holes to the holes of the racking in desired location.
2. Put one washer onto the bolt. Then put the bolt with washer on it through the front hole of the Pallet Guide and through the racking holes (see Figure 1)
3. Once you have fed the bolt through, put the other washer on the side of the bolt that is sticking out. (see Figure 2)
4. Secure bolt with nylon locking nut (see Figure 3)
5. Repeat steps 2-4 for the back hole of the Pallet Guide.
6. Your Pallet Guide is now ready!
7. Save these instructions for future reference.
